FEDERATION FOR
IMMUNOGENETICS

Elections 2022

Nomination for Treasurer

One nomination has been received for the position of Treasurer. No other nominations for this position were received so there will be no voting for this position and the nomination is subject to approval by the EFI General Assembly in Amsterdam, the Netherlands.

Jean Villard

I am MD since 1988, after a complete clinical training in internal medicine I moved to research to obtain an MD-PhD. Then I went back to clinic to specialize in Immunology and Allergology. I am currently professor of clinical and transplant immunology at the Geneva University Hospital (HUG), co-director the National Reference Laboratory for

Histocompatibility (LNRH). I am also the head of the transplantation and cellular therapy facilities at HUG. In addition to my activity as medical director of the HLA laboratory and my clinical activity, I am involved as PI in several research projects in the field of transplant immunology and immunogenetics. I have also undertaken at the national level the reform of the Swiss system of allocation of renal transplants as president of the medical committee of the foundation Swisstransplant. I organised the EFI conference in Geneva in 2015 and was a member for the board as councillor from 2018 to 2020. I'm highly motivated to pursue my commitment to EFI and the position of treasurer is a good opportunity. I have some experience in the field being currently the treasurer of the swiss society of transplantation. With the current deputy treasurer, we can make a great team in the EFI board.
