FIRST ANNOUNCEMENT

# Days of Transplantation *Medicine* in **BiH**

*From Donation to Transplantation:  
Developing the Transplantation System*

DATE

25–26 September

2026

VENUE

Mostar

Bosnia and Herzegovina

FORMAT

Scientific Symposium

with international participation

# 10

YEARS OF DEVELOPMENT

Department for Tissue Typing and Immunogenetics

*Transfusion Centre, University Clinical Hospital Mostar*

PROGRAMME  
FOCUS

*The programme will cover contemporary aspects of transplantation medicine:*

- Donation and the donor programme
- Transplantation and post-transplant follow-up  
*with particular emphasis on kidney transplantation and other solid organ transplantation, as well as haematopoietic stem cell transplantation*
- Immunology and laboratory support
- Organisation and logistics of the transplantation process
- Ethical and professional challenges in transplantation medicine

The symposium brings together clinical, laboratory and institutional experts involved in donation and transplantation medicine in Bosnia and Herzegovina, with the participation of speakers from the region and abroad. It is conceived as a platform for the exchange of knowledge, the strengthening of collaboration, and the opening of new professional and organisational perspectives in the development of the transplantation system.

*Save 25 and 26 September 2026 for Mostar.*
